This chemical compound, with other vegeta-ble productions, is one of the most important dis-coveries of the age. It is far superior to any simple sarsaparilla syrup that hasever been used. It has performed more than fifteen thousand cares since the discovery was made, which is only about 12 months. The controlling power over disease which this Syrup possesses, may be attributed to the fact that it is composed purely of regetable extracts, each article in it having a direct reference to some internal organ, conse-quently the whole system receives their beneficial influence, which occasions neither sickness nor pain in their operation, and can be taken at all times and under all circumstances without regard to diet or business, is certainly a desideratum in the history of medicine. This compound extract is put up in quart bottles and offered at the low price of one dollar per bottle. The object being to give the national an opportunity, by the low price of one doilar per bottle. Mr S. F. Bennett—Sir, I am at a loss to express twith words) what has been said in praise of your compound Extract of Yellow Dock and Sarsaparilla. All who have had the pleasure of using it, speak of its marvelouseffects in removing this issue, with so muchfeeling and heart-felt satisfaction, I am confident now that no medicine in use can boast of its superior qualities. Many use can boast of its superior qualities. Many who have been complaining for years with pain in the side, burning and pain in the chest, dyspensus, general debility, loss of appetite, chills, night sweats, salt theum, scrofula—in fact all the discases that we in this climate are heir to, find in the Tellow Dock and Sarsaparilla all that is requisite to make them what they were in their days of health, &c.
